BUILT FOR IT.™

FINNING 

RELIABLE HEAVY EQUIPMENT FOR THE TOUGHEST JOBS

Choose from our extensive fleet of proven new or low hour Caterpillar® Machines equipped with the latest technology. Machines are conveniently located and serviced across Western Canada to meet your rental equipment needs.

From moving earth, quarry and aggregate to moving pipelines, mats and logs, Finning prides itself in providing rental solutions to the construction, oil & gas, mining, forestry, pipelines and material handling industries.

THE FLEXIBILITY TO MEET YOUR CHANGING NEEDS

In today's challenging business environment, our customers increasingly rely on rental equipment to meet peak production demands and equipment shortages. Renting allows you to conserve cash, try new equipment/ technology, maintain fixed cash flow and optimize equipment costs through large and complex projects.

PUTTING OUR CUSTOMERS FIRST

We offer a comprehensive fleet of new and low hour Caterpillar® machines configured for specific applications to give you the most reliable equipment in the industry backed by Finning's extensive parts and service network for maximum productivity and peace of mind.

Finning makes it easy for customers to own Caterpillar® machines by offering flexible and attractive purchase options on rental units. Our reliable rental equipment is backed by an industry-leading service and support network, ensuring that you get the flexibility from renting without trading off productivity or performance.

- Maximum uptime & productivity

VALUE ADDED SERVICES

Take advantage of these value added services* offered by Finning to assist with your rental equipment and ancillary needs:

- Transportation/permits
- Insurance
- Scheduled service/maintenance
- Technology options
- Special projects
- Purchase options

GENERAL TERMS AND CONDITIONS*

ALL PRODUCTS SUBJECT TO AVAILABILITY

RENTAL PERIODS

Customers can rent equipment from Finning on daily, weekly or monthly basis. The following operating hours are included in the standard rental rate agreements.

- Day: 10 hours
- Week: 50 hours
- Month: 200 hours

Finning also offers longer term and (or) multiple-shift rental contracts for large scale projects. Excess hours are charged per rate schedule.

INSURANCE*

"All risks" and public liability insurance is required prior to equipment deployment/ operation. Finning can provide the necessary insurance for your equipment at an additional charge.

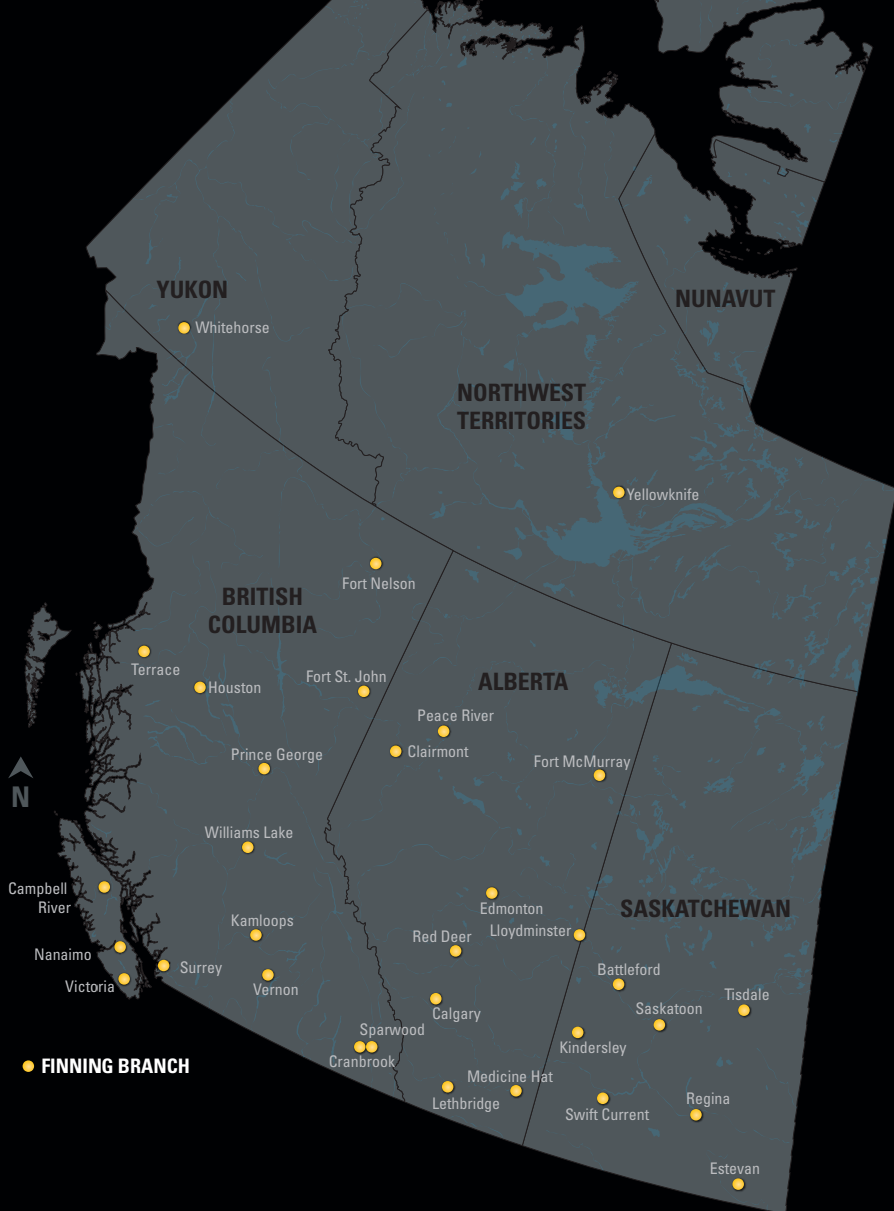

TRANSPORTATION AND PERMITS*

Finning can assist customers with transportation and (or) in seeking governmental or other permits required for movement or operation of the equipment (where applicable) at extra charge.

EQUIPMENT SERVICE, MAINTENANCE AND OPERATION

Customers are expected to operate and maintain rented equipment per manufacturer's recommendations. Finning can provide these services to customers for additional charges.

*Some restrictions apply. Refer to Finning's Rental Agreement for full list of terms and conditions.

WE'VE GOT WESTERN CANADA COVERED.

Contact your local Finning branch or sales representative for all your heavy equipment rental needs.
