

HEAVY DUTY LUBRICANTS

Economical, dependable lubrication

HYDRAULIC OIL 10W**PRODUCT DESCRIPTION**

A highly refined hydraulic oil with a high viscosity index for use in systems that require an automotive type hydraulic fluid. Meets stringent requirements of high temperature performance, cleanliness and wear protection. Contains additives which provide excellent E.P. antiwear qualities, dispersency, oxidation control and corrosion protection. Fluid is suitable for use in both mobile equipment and stationary applications which specify this fluid type.

FEATURES

- Meets API CF designation
- Excellent high temperature stability
- Outstanding E.P. performance
- Good anti corrosion protection

TYPICAL PROPERTIES

Viscosity cSt @ 100C	6.3
Viscosity cSt @ 40C	38.5
Pour Point	-39C
Viscosity Index	113
Zinc % Wt.	0.10
Flash Point	215C
Colour	2.5
