## HEAVY DUTY LUBRICANTS

Economical, dependable lubrication

### INDUSTRIAL HYDRAULIC OIL T-32

#### PRODUCT DESCRIPTION

A premium multi-grade industrial hydraulic oil for use in both mobile and stationary equipment subjected to extremes of temperature. For sure in hydraulic systems that require an anti-wear industrial hydraulic oil and fluidity under cold temperature conditions.

#### FEATURES

- Meets Hagglund-Denison HF-0
- Meets Vickers 35VQ25 pump test and 104C
- Good water separation
- Excellent high shear condition performance
- Good low temperature characteristics
- Typical minimum start up -33C

#### TYPICAL PROPERTIES

Pour Point	-48C
Viscosity Index	156
Viscosity cSt @ 100C	6.4
Viscosity cSt @ 40C	32
